## Contest

for children and young people (teenagers) living in Switzerland without residence permits

### Task

Draw, sketch, paint, or create by hand or on a computer – your wish for children in Switzerland or in the world. If you had one wish for yourself or for all the children and young people living somewhere without residence permits, what would you wish? What would you change to make your life happy or happier? What would you change to help others all over the world in the same situation?

Contest pictures will be made into postcards and posters. There will also be a special artistic exhibition of contest pictures alongside professional artists' artwork.

Participating in this contest helps raise awareness of and improve the situation of children and young people living in Switzerland without residence permits.
